Selected Publications

Books:

Thriving Beyond Sustainability: Pathways to a Resilient Society

By Andrés R. Edwards. New Society Publishers, 2010.

Gold Medal: Living Now Book Awards

Thriving Beyond Sustainability draws a collective map of individuals, organizations and communities from around the world that are committed to building an alternative future. Overflowing with inspiration, the stories and ideas in these pages will cause the most chronic pessimist to see the glass as half full – to move beyond a perception of surviving with scarcity to one of flourishing with abundance.

The Sustainability Revolution: Portrait of a Paradigm Shift

By Andrés R. Edwards. New Society Publishers, 2005.

The Sustainability Revolution: Portrait of a Paradigm Shift, which has sold over 20,000 copies, is a comprehensive primer on the history, evolution and future of the movement toward sustainability from various sectors of society.

TIBET: Enduring Spirit, Exploited Land

By Robert Z. Apte and Andrés R. Edwards

AuthorHouse (Second Edition), 2004; Heartfire Books (Hardback), 1998.

TIBET: Enduring Spirit, Exploited Land describes the traditional lives of nomads and farmers and their practices in co-existing with the environment. The Tibet Environmental Watch (TEW) web site, which evolved from our Tibet book, has updated environmental information on Tibet and the region.

Articles:

The SPIRALS Framework: A Trim Tab for a Livable Future And Excerpt from Thriving Beyond Sustainability

By Andres R. Edwards

Green Money Journal, (Volume 18, Issue 4, Number 76). Summer, 2010.

This article describes how the “SPIRALS” framework acts like a trim tab by guiding initiatives towards a better world.

Using SPIRALS As A Lens To Envision The Next Economy

By Andrés R. Edwards.

The Journal of Sustainability Education. May 10, 2010.

This article describes how to move beyond "green" economics to a solution-based approach through the "SPIRALS" initiatives that are: Scalable, Place-based, Intergenerational, Resilient, Accessible, Life-affirming, and involving Self-care.

Explaining Green Materials

By Andrés R. Edwards

Architecture Week, July 17, 2002.

Explaining Green Materials describes the design and fabrication of the Green Building Resource displays currently used by cities interested in educating the public about these innovative building materials and techniques.
